**Meeting to order 5:06 P.M.:**

Motion to approve minutes. Change call to order on previous minutes to Carl.

Motion to approve Carl second Arnie

Busy week for the BID. We have a copy of the Blueprints. Kevin Anderson is unable to come to meeting, but happy to report that streets and sidewalk will be out to bid soon and are set for completion this season. Carl states the bidding should be in two to three weeks. A good contractor is going to be busy. So, we are at least six weeks out.

Carl sent an email with updates and questions in regards to the Blueprints. We are waiting for a response.

In the next week or two everyone will be getting a bill from the BID. Keep an eye out.

What is going to make elkhorn different? What is going to draw crowds in? We have no sponsors. What can we do to make Elkhorn more visible?

We need more shops but what is going to draw people here. 20000 sq ft. Use of it. Don Gartner will be doing that.

Dave sent email out with ideas.

Where are we with the sign on 204th? We still don't have permission but are looking into it.

Who are we what do we represent?

New flyer with the history was suggested by Corina.

Shop local with KETV will we be doing it again at the holiday season? \$500 to \$2500 is the cost tiers for the advertising.

Michelle brought up a Scarecrow contest.
